## **The Winners of the ESPA Innovation Awards 2015 announced**

On Thursday, May 21, in Sopot (Poland) over 130 European Spas & Health Tourism professionals from 18 countries, gathered to celebrate Innovation.

The ESPA Innovation Awards reflects the ESPA aim of “to stimulate exchange of experience, best practice and know-how”. ESPA created this Innovation Awards for destinations, facilities or initiatives that represent “innovation” in the true sense of the word; that is, the development of a new, more creative or more effective approach to any aspect of spas and health resorts management, operations or marketing.

The Winners of the ESPA Innovation Awards 2015 were presented during the ESPA Annual Congress Dinner Gala.

Evaluation and selection of the candidates was completed by an independent judging panel.
